Dodge Ram 1500 2001-94,
Dodge Ram 2500 1997-94

Pop Code: D | VIO: 1143579

- Coil spring mounts are coated with a weld through primer finish for extra corrosion resistance

FAILURE MODE:
- Original spring mounts fail from rust and corrosion, resulting in suspension noise

OE PROBLEM:
The dealers only repair option for rusted coil spring mounts is replacement of the entire axle assembly.

OE FIX:
The Dorman kit allows you to replace the failed original coil spring mount, instead of replacing the axle assembly, saving time, money and labor.
