Air Tank Cables

- Coverage available for 80% of trucks on the road
- Braided stainless steel cable inside weather-resistant plastic cover for a longer service life
- Easy to install, no special tools required during installation
- Direct replacement for the original equipment designs

Failure Mode:
- The original cable rusts and frays over time, causing the tank to become loose

HD EXCLUSIVE

924-5261
International 2017-86
OE Numbers: 3557936C1, 6150015371979

Also Available: 924-5260: IC 1997-90, International 2017-88
924-5268: International 2014-89

Diesel Particulate Filter Clamps

- Coverage available for 80% of trucks on the road
- Holds exhaust components together
- Easy to install, no special tools required during installation
- Direct replacement for original equipment designs

Failure Mode:
- The original clamp rusts or corrodes over time, resulting in exhaust leaks

HD EXCLUSIVE

674-7008
Mack 2019-16, Volvo 2019-16
OE Numbers: 22778066

Engine Coolant Level Sensors

- Indicates when coolant level in reservoir is too low
- Corrosion resistant for a longer service life
- Designed to easily screw onto coolant bottle

Failure Mode:
- Broken connector, burned out internal electronics
- Failure results in illumination of the check engine light

HD EXCLUSIVE

904-7632
Kenworth 2017-14, Peterbilt 2017-14
OE Numbers: Q2160245, Q216030001, Q216030004

Multi Purpose Temperature Sensor

- Torque Converter Outlet Oil Temperature Sensor
- Relays temperature information to vehicle’s computer
- Easy to install, no special tools required during installation
- Direct replacement for original equipment designs

Failure Mode:
- Broken connector, burned out internal electronics
- Failure results in illumination of the check engine light

HD EXCLUSIVE

904-7043
Caterpillar C10, C13, C15
OE Numbers: 2566453

Windshield Wiper Arms

- Connects the wiper transmission to the windshield wiper blade
- Long-lasting enamel paint prevents flaking, peeling and fading
- High-tensile strength spring maintains proper wiper blade to glass contact
- Direct replacement for original equipment designs

Failure Mode:
- The original wiper arm fails due to damaged incurred during automated car washes or snow and ice removal
- Failure results in wiper arm not functioning properly and the inability to clear windshield

HD EXCLUSIVE

602-5415
Mack RD 2004-89
OE Numbers: 25109508

Nitrogen Oxide (NOx) Sensors

- Detects nitrogen oxide levels in the exhaust system
- Anti-seize coating pre-applied to prevent high engine temperatures from damaging the sensor
- Ideal replacement for trucks in states that must comply with emissions regulations
- Plug-and-play for easy installation

Failure Mode:
- Original sensor fails due to debris and contamination
- Failure results in illumination of the check engine light and vehicle going into limp mode

HD EXCLUSIVE

904-6015
Cummins ISX 2016-13
OE Numbers: 2872942, 2872942NX, 4326872, 4326872RX

Also Available:
- Caterpillar C10, C13, C15
OE Numbers: 2566453

Also Available:
- IC 1997-90, International 2017-88
924-5260
- International 2014-89
924-5268
- Mack 2019-16, Volvo 2019-16
