**HVAC Heater Hose Assembly**

- **626-641** Ford F Super Duty 2016-11
- **Pop Code: C | VIO: 834,295**

**OE PROBLEM:** The original heater hose typically fails due to the brittle plastic material of the connector, which eventually cracks and leaks over time.

**We upgraded the plastic Y-pipe material to aluminum for increased durability and longer service life.**

- **Hose connects heater core to reservoir**
- **Clamps included for a complete installation**

**FAILURE MODE:**
- Original plastic connector cracks over time and causes coolant leaks and loss of pressure

**Window Regulator and Lift Motor Assemblies**

- **751-293** Ford Fusion 2012-06, Mercury Milan 2011-06
- **Pop Code: B | VIO: 1,263,302**

**Reverse-engineered to match the original equipment shape and dimensions to provide a direct, seamless fit**
- **Extensively tested by cycling thousands of times in vehicle door to ensure a long, trouble-free service life**

**FAILURE MODE:**
- Cable weakens or snaps over time and motor wears out causing the window to fall or remain in a stuck position

---

- **926-166** Buick Encore 2019-13, Chevrolet Cruze 2016-11, Chevrolet Sonic 2018-12, Chevrolet Trax 2017-13
- **Pop Code: B | VIO: 1,561,314**

**Includes all seals and gaskets required to repair or reinstall the oil cooler housing**
- **Manufactured from durable polymers engineered for exposure to extreme temperatures and engine fluids**

**FAILURE MODE:**
- Original seal deteriorates over time from engine heat, resulting in oil leaks

---

**Differential Carriers**

- **697-909** GM 2018-99, Isuzu 2008-03, Saab 2009-05
- **Pop Code: C | VIO: 3,246,079**

**This direct replacement 30 spline, 10 bolt limited-slip carrier fits in place of the vehicle’s original equipment carrier**
- **All-new components, including spider gears, differential pin, preload spring pack and clutch pack**
- **Shipped pre-assembled and ready to install**
- **Can be used to upgrade from open differential to limited-slip in an existing differential**

**FAILURE MODE:**
- The original differential carrier fails due to bearing and axle shaft failure, resulting in noise and an inoperable vehicle

---
