TOP HD PARTS
NEW SOLUTIONS FOR THE HEAVY DUTY AFTERMARKET

Air Tank Assemblies
NEW 15 SKUS AVAILABLE

924-5800
Primary
International 4300, 5900 Series 2015-10
OE Numbers: 3832978C1
924-5801
Multiple Locations
International 9900, 9900i, ProStar 2015-10
OE Numbers: 3832973C1
924-5803
Multiple Locations
International 4500, 4400 Series 2015-10
OE Numbers: 3832983C1
924-5806
Primary
International 43-4400, 5500, 5900, 73-7700, 85-8600 2010-02
OE Numbers: 3557766C93

• Used to supply air to air actuated parking brakes, air powered shocks, air powered seats, and air powered doors
• Made with precise port locations and finished with an interior and exterior powder coating to prevent corrosion
• Three tank types available - supply/wet, primary and secondary
• Manufactured per SAE J10 & FMVSS 121 Standards
• All tanks are leakage tested before packaging placement

Oil Pans
LINE EXTENSION OVER 10 SKUS AVAILABLE

264-5056
Cummins N14 Engines Rear Sump 2002-90
OE Numbers: 3030257, 3031959, 3070183

• Powder coated steel construction for long lasting durability
• Drain plug included for a complete installation

FAILURE MODE:
• Rust, stripped drain plugs, or collision damage results in oil leaks

Diesel Particulate Filter Clamps
LINE EXTENSION OVER 10 SKUS AVAILABLE

674-7010
Detroit Diesel DD13, DD15 and DD16 Engines
OE Numbers: A6809950302

• Matches the design of the original for a perfect fit
• Easy to install

FAILURE MODE:
• Rust or corrosion results in exhaust leak or trouble code displayed

Turbocharger Outlet Gaskets
LINE EXTENSION

674-9024
Cummins ISX 15 Engines 2018-07
OE Numbers: 4966441

• Direct replacement gaskets match the original design for a perfect fit
• Includes all required gaskets to seal the turbocharger during installation

FAILURE MODE:
• Original gasket cracks and corrodes over time and causes exhaust leaks

Cables - Auto & Manual Transmission Shift
LINE EXTENSION

924-7001 (Auto)
OE Numbers: 8971486051, 8971486052, 8971486053

• Made of high-quality materials for increased durability and a longer service life
• Direct replacement for original equipment design
• Easy to install

FAILURE MODE:
• Internal cable binds, becomes frayed or disconnected from cable linkage, resulting in difficulty shifting gears

924-7016 (Auto)
924-7007 (Manual)

Also Available:
924-7016 (Auto)
924-7007 (Manual)

**TOP HD PARTS**
**NEW SOLUTIONS FOR THE HEAVY DUTY AFTERMARKET**

**Dimmer Switch**
**LINE EXTENSION**

- Easy to install - no special tools necessary during installation
- Direct replacement for original equipment design

**FAILURE MODE:**
- Internal electrical or mechanical failure

**901-5502**
Mack MR 2007-04
OE Numbers: 1MR4318AM2, 25171770

---

**Engine Coolant Level Sensors**
**LINE EXTENSION**

- Replacement low coolant level sensor
- Easily screws onto coolant bottle
- Direct replacement for original equipment design

**FAILURE MODE:**
- Broken connector, burned out electronics

**904-7252**
Freightliner 2015-99 with Detroit Diesel Series 60 Engine
OE Numbers: 23522855, 23526907

---

**EGR Valve Temperature Sensors**
**LINE EXTENSION**

- Direct replacement for original equipment design

**FAILURE MODE:**
- Clogged EGR and exhaust system

**904-7324**
Detroit Diesel Series 60 Engines 2014-04
OE Numbers: 23527674

**ALSO AVAILABLE:**
904-7700
Volvo 2010-06

---

**Diesel Particulate Filter Hardware Kits**
**LINE EXTENSION**

- Complete kit includes all necessary gaskets and clamps required for a complete installation
- Direct replacement for original equipment design

**FAILURE MODE:**
- Rust or corrosion results in exhaust leak or trouble code displayed

**674-9034**
Cummins ISX 15 Engines 2017-07
OE Numbers: 1818631PE, 2601233C1, 2871453, 2871859, 2871863

**ALSO AVAILABLE:**
674-9035
Mack 2017-10, Volvo 2017-10

---

**HVAC Pressure Switch**
**LINE EXTENSION**

- Air conditioning transducer switch
- Replaces an existing switch with corroded terminals or a broken connector
- Easy to install - no special tools required

**FAILURE MODE:**
- Corroded terminals and broken connector results in inoperable AC compressor

**904-7793**
IC Corporation 1300FBC 2016-06, International 4300, 4400, 73-7600, TranStar, LoneStar, ProStar, TerraStar 2018-02
OE Numbers: 3546241C1, 6322132553

---

**Coolant Reservoir Caps**
**LINE EXTENSION**

- Available separately, only replace the damaged or missing original reservoir cap instead of the entire coolant reservoir
- Direct replacement for original equipment design

**FAILURE MODE:**
- Broken cap leads to washer fluid leaks

**924-1058**
OE Numbers: 25133601

---
