**PRODUCT HIGHLIGHTS**

**FEATURED NEWLY RELEASED PRODUCTS**

---

**Suspension Coil Spring Seat Repair Kit**

- **PROBLEM:** The dealer requires the entire front axle to be replaced when the spring mount rusts, preventing the spring from remaining properly located.

- **FAILURE MODE:**
  - The original spring mount separates from the front axle due to corrosion, resulting in an unstable and sagging suspension

- **OE FIX:** Dorman’s OE FIX coil spring bracket repair allows only the rusted original mount to be replaced instead of the entire front axle.

- **Pop Code:** 926-078
  - **Jeep Grand Cherokee 2004-99**
  - **VIO:** 765,161

---

**Engine Oil Dipstick Flange Repair Kit**

- **PROBLEM:** When the O-ring leaks between the dipstick flange and oil pan, replacing the O-ring typically requires removing the oil pan.

- **OE FIX:** Dorman’s OE FIX dipstick flange repair kit includes a special tool that allows the flange to be resealed with the oil pan in place, saving hours of labor.
  - **Includes installation tool and 10 O-rings to perform 5 complete repair**

- **FAILURE MODE:**
  - Low oil or seal leaks oil from pan

- **Pop Code:** 904-423
  - **Ford F-Series and E-Series Super Duty 2010-94, 7.3L engine**
  - **VIO:** 2,089,648

---

  - **VIO:** 1,416,556

---

**Roof Marker Light Seal Kit**

- **PROBLEM:** When the original gasket fails, the dealer requires replacement of the entire roof marker light assembly.

- **OE FIX:** Replaces the damaged gaskets, while retaining the original roof marker light assembly, saving your customers money.
  - **Roof marker light gaskets are made of durable, pliable material for dependable service**

- **FAILURE MODE:**
  - Original gasket deteriorates over time, allowing water to leak through mounting hole on roof

- **Pop Code:** 923-500
  - **Ford F-Series and E-Series Super Duty 2017-02**
  - **VIO:** 3,023,971

HVAC Control Modules

LINE EXTENSION  
OVER 85 SKUS AVAILABLE

Easy-to-install, plug-and-play repair solution - no dealer programming necessary
• Module matches the original design to blend in seamlessly with the interior
• Functionality-tested to ensure the same performance as the original design

FAILURE MODE:
• Dark or dim display, inability to change modes, temperature and fan seeds

599-215
Chevrolet Suburban, Tahoe 2002-00, GMC Yukon 2002-00
Pop Code: C  |  VIO: 846,066

Body Control Modules

LINE EXTENSION  
OVER 15 SKUS AVAILABLE

100% replacement of relays, resistors, capacitors and solder joints
• Remanufactured from high-quality materials for durability and quality assurance
• Easily fits and plugs into existing wiring harness
• Direct replacement for original equipment design

FAILURE MODE:
• Intermittent operation of headlamps or other electronic components, security function errors, parasitic battery drain, or no start condition

502-055
Dodge Ram 1500 2005-02, Dodge Ram 2500 2005
Pop Code: C  |  VIO: 940,268

Power Steering Control Valve Bypass Tube

LINE EXTENSION

Eliminates the failure-prone original equipment proportioning valve for predictable performance and reliability
• Includes necessary installation components for a complete repair solution
• Manufactured to strict standards using sturdy, safe materials

FAILURE MODE:
• Variable solenoid failure results in difficult steering

926-049
Pop Code: C  |  VIO: 2,071,220

CV Axle Support Bearing Bracket

LINE EXTENSION

Made of high-quality cast iron for increased durability and a longer service life
• Direct replacement for original equipment design

FAILURE MODE:
• Bearing seize to bracket, difficult to remove when servicing the CV shaft assembly

926-195
Toyota Camry, Highlander, RAV4, Venza, Sienna 2019-10
Pop Code: C  |  VIO: 3,482,891

GPS Navigation Control Modules

NEW  
OVER 5 SKUS AVAILABLE

Fully restored unit replaces the original module with the same functionality as the factory equipment
• Cost-effective solution to keep your vehicle’s existing functionality without buying expensive brand new unit

FAILURE MODE:
• Electronic shorts, loss of communication with auxiliary components, display issues, controls inoperative and sporadic functioning

586-095
Cadillac CTS 2014, Cadillac XTS 2015-13
Pop Code: 50  |  VIO: 122,383

*Currently only available in the US

Fuel Door Hinge

LINE EXTENSION

Made of high-quality materials for increased durability and a longer service life
• Direct replacement for original equipment design

FAILURE MODE:
• Hinge breaks and fuel tank cover doesn't close completely

924-802
Ford F-150 2013-09, Lincoln Mark LT 2013-10
