ABS Control Module

**LINE EXTENSION**

**PROBLEM:**
Original equipment ABS modules on certain vehicles break prematurely due to circuit board wear and failed relays.

**FIX:**
This Dorman OE FIX solution is newly manufactured and completely redesigned with a thicker control board to prevent cracked solder joints and a faster microprocessor for better stopping performance.

**599-867**  
Chevrolet Astro 2005-00, GMC Safari 2005-00  
**Pop Code:** B  |  **VIO:** 203.546

---

Air Suspension Compressor

**LINE EXTENSION**

**PROBLEM:**
The original air compressor fails due to the weak material of the internal piston and moisture intrusion.

**FIX:**
Includes upgraded seals to prevent moisture intrusion and an aluminum internal piston in place of the original plastic piston.

**949-300**  
Jeep Grand Cherokee 2019-11  
**Pop Code:** C  |  **VIO:** 1,660,458

---

Engine Coolant Crossover Pipe

**LINE EXTENSION**

**PROBLEM:**
The original coolant crossover pipe typically fails due to the brittle plastic material, which eventually cracks and leaks over time.

**FIX:**
We redesigned the coolant crossover pipe using aluminum for increased durability and greater resistance in harsh underhood environment.

**902-3102HP**  
**Pop Code:** C  |  **VIO:** 5,942,308

---

Fuel Tank Crossmember

**LINE EXTENSION**

**FAILURE MODE:**
• Original crossmember rusts over time, safety inspection failure or loose fuel tank

**DIRECT REPLACEMENT:**
Direct replacement for the original crossmember, restoring the ability to securely mount the fuel tank in the frame
• Made of durable steel, it is finished in black anti-corrosion paint for a durable repair
• Mounting hardware included for a complete repair solution

**600-115XD**  
Chevrolet Trailblazer 2009-02, GMC Envoy 2009-02, Isuzu Ascender 2008-02  
**Pop Code:** C  |  **VIO:** 1,068,337

---

4WD Disconnect

**LINE EXTENSION**

**PROBLEM:**
The original 4WD disconnect often fails when the pin on the shift fork breaks.

**FIX:**
This Dorman OE FIX 4WD disconnect features a forged shift fork and larger contact pad for greater durability and is a direct bolt-on installation.

**600-115XD**  
Chevrolet Trailblazer 2009-02, GMC Envoy 2009-02, Isuzu Ascender 2008-02  
**Pop Code:** C  |  **VIO:** 1,068,337

Fuse Relocation Kit
LINE EXTENSION

Fuse relocation kit allows the original equipment fuse terminal to be moved to a different position in the fuse box to accommodate a larger fuse:
- Includes factory-style terminals, wiring and protective heat shrink tubing
- Provides a factory-like appearance when installed
- Mounting hardware included for a complete repair solution

**FAILURE MODE:** Failure results in melted fuse panel or no start vehicle condition

Parking Brake Lever Kits
LINE EXTENSION | OVER 10 SKUS AVAILABLE

Matches the fit and function of the original parking brake actuators:
- Quality materials coated for corrosion resistance
- Easy installation requires no special tools to install

**FAILURE MODE:** Lever seizes due to corrosion, resulting in inoperable parking brakes
